Caliber Series

Direct Vent Gas Fireplaces

Create an inviting place where the best moments begin.

The big, bold and comfy Caliber gas fireplace makes it possible. Gather 'round dancing flames in an expansive hearth that puts out generous heat. Even run your fireplace by smart speaker or your phone. With on-trend styling choices to fit your look, it will be your favorite spot in the home.

Outfit your Caliber with a choice of brick interiors or reflective black glass to go with Oak hand-painted logs. Want less heat or to enjoy the fireplace ambiance year-round? Our heat-management options keep the comfort level just right. Upgrade to the premium Caliber X for even more fireside presence, plus a fan if you have a larger space to warm up.

Product Features

- Up to 44,000 BTUs to warm medium to larger spaces
- Available in 36" and 42" widths, offering two models with added features and upgrades
- IntelliFire Touch Ignition System™: control with the Intellifire app, smart speaker, touchscreen remote or wireless wall switch
- Heat Management puts the heat where you want it, when you want it
- Four interior panel options with three decorative front designs give a vast array of styling options for any home
- Variable speed fan disperses heat throughout the room; standard on Caliber X
- Dynamic Thermostat adjusts flames with rising temps to maintain comfort level

Controls

IntelliFire App

All the features of a remote control with an app installed on your smart device. Monitor your fire from anywhere or even control it with the sound of your voice. IntelliFire is compatible with voice assistants Amazon Alexa and Google Assistant.

Touchscreen Remote

Features: on/off, flame height adjustment, fan speed, lights adjustment, thermostat mode, room temperature readout, child lock, timer mode, battery backup, cold climate mode, power vent, wall docking station (fan, lights and power vent are dependent on your fireplace).

Wireless Wall Switch

Features: on/off, battery strength indicator, cold climate mode

Heat Management Technologies

Passive Heat™ Disperse heat naturally (no fan) into the room, lowering surface temperatures so you can place a TV or artwork just 12" above the fireplace. Choose side, front or open-wall registers.

Side Register

Front Register

Open-wall Register

Heat-Zone® Technology

Draw heat from your fireplace to another room in your home. Redirect up to 50% of the heat, while reducing wall temperatures above the fireplace.

Heat Out Technology

Draw heat from your fireplace and direct it outside. Redirect up to 40% of the heat while reducing wall temperatures above the fireplace.

Key Technologies

IntelliFire Touch® Technology IntelliFire Touch is our most advanced intermittent-pilot ignition (IPI) system, making running your appliance simple, smart and safe. Utilize the included touch screen remote control or add the IntelliFire® app for the solution that fits your lifestyle.

Direct Vent Technology Direct vent fireplaces remove 100% of combustion exhaust and odors from your space. These sealed fireplaces provide optimal heat, conserve energy and ensure clean indoor air quality.
